**INSTRUCTIONS FOR SIGN PERMITS**

**SUBMISSION REQUIREMENTS**

A site plan drawing must be submitted with each application stating the following information (some special sign districts require scaled drawings):

1. All lot dimensions, including street frontage(s). Corner lots must be indicated.
2. Location of proposed signs shown on a site plan.
3. Street and alley locations.
4. Location and square footage of all existing signage on the property.
5. Include the type, size, height, and location of the proposed sign(s), and a rendering of the sign(s) showing their copy and dimensions.
6. If the sign is for a multi-tenant building, a master sign plan is required.
7. If sign projects over public property, indicate its height, ground clearance, and amount of projection into the public right-of-way.
8. Freestanding and Roof Signs larger than 50 square feet require structural plans.
9. For any work involving Nonconforming Signs (excluding demolition work), include a certified survey stating the location, size, and height of the existing and proposed repaired or replacement sign.
10. For Wall Signs, include a picture or detailed rendering of the building showing where the sign will be located.
11. For Portable Signs, include the name and address of the company the sign is being rented from.

**ADDITIONAL REQUIREMENTS**

1. Any sign which projects beyond 15” into a public right-of-way requires a certificate of insurance from the property owner or the business owner.
2. Modifications made to buildings to accommodate a sign installation require a separate building permit.
3. A separate electrical permit is required for all electrical work done on signs that are lit, whether internal or external.
4. Where the installation of the sign proceeded prior to obtaining the required sign permit, a penalty fee equal to the specified permit fee will be imposed.

**FEES**

<b>Wall and Projecting Signs:</b>	<b>\$2.78 for each square foot with a minimum fee of \$76.00</b>
