

COUNCILMEMBER NELSIE YANG

ST. PAUL WARD 6 WEEKLY UPDATE

2 - OCTOBER - 2020

Councilmember Nelsie Yang here,

This week, I returned from much needed bereavement leave after the death of my grandpa. Upon returning, I received positive news that I'm excited to share: our Public Works Department completed the mill and overlay on Arlington Ave E from East Shore Dr to White Bear Ave! Improving the quality of this street was one of the top issues constituents in that neighborhood shared to me during the 2019 campaign trail.

Do you see folks around you who are in need? With the crisis of COVID-19 around us, more people are facing homelessness now in our community than before. In addition to Neighbors Helping Neighbors, you can volunteer your time or donate to [Involve MN](#), [People Incorporated](#), and [Freedom From The Streets \(through MICAH\)](#). Click each link to learn more about these incredibly helpful organizations centered around support for people in need.

As the Ward 6 staff and I dive into budget discussions while also responding with care and support to growing encampments in the East Side, we welcome your input so that we can build toward an East Side community where all can live in dignity, respect, and equity. Please take the [budget survey online](#) or email CouncilBudget@ci.stpaul.mn.us with your input.
