

COUNCILMEMBER NELSIE YANG

ST. PAUL WARD 6 WEEKLY UPDATE

4 - SEPTEMBER - 2020

Councilmember Nelsie Yang here,

This past Wednesday, we passed a resolution to help protect the US Postal Service. We ask the Federal Delegation to support the Delivering for America Act which prohibits the USPS from making changes to operations or levels of service from those that were in place at the beginning of 2020. We also urge the federal government to prevent any changes to the USPS operations or level of service that would impede prompt, reliable, and efficient services. Help by signing this petition!

Saint Paul City Council has launched an **Audit Committee Community Engagement Process!** The Audit Committee will serve as effective stewards of City resources. We are seeking community participation in two ways: 1) Apply to serve on the Audit Committee, and/or 2) Share your ideas on audit topics by completing the survey, by calling 651-266-8539, or by emailing CCAuditCommittee@ci.stpaul.mn.us. We want to hear from you! Visit www.stpaul.gov/departments/city-council/audit-committee.

Did you know? Keeping tobacco prices high is the most effective way to help people quit and prevent young people starting to use tobacco. Minnesota young adult nonsmokers who receive tobacco coupons are twice as likely to become smokers. A third of adult smokers use tobacco coupons or discounts every time they see one. We can stop the tobacco industry from targeting our communities with cheap tobacco. Our office is committed to this. That's why we're partnering with the **Association for Nonsmokers-MN** to help people who want to quit smoking and to prevent people from starting. We are working to pass bold policies that protect our community across race, class, gender and age. More at dontdiscountmylife.org.
