

LEAD FREE SPRWS PROGRAM

Is Your Water Service Line Made of Lead?

**Saint Paul Regional Water Services
may be replacing it for **FREE**.**

Around 23% of properties have lead service lines.

Find out if you qualify:

stpaul.gov/lead-free

Next Steps

Potential Dangers of Lead:

- ◆ Can build up in the body if breathed in or swallowed
- ◆ Too much lead in the body can hurt the brain, nervous system, red blood cells, and kidneys
- ◆ Children, infants, and pregnant people are at greater risk

- **Submit an Intent Form**

If you qualify for a service line replacement this year, follow the steps on our website to submit an intent form.

- **Sign Agreement**

After submitting the intent form, you will receive a replacement agreement, which can be sent electronically or by mail.

- **Schedule a Pre-Replacement Inspection at Your Property**

Our team will reach out to schedule a short meeting. We will need you to provide us with clear access to your water meter.
