

8. CHAPTER – PRICE WORKSHEET – 7 YEAR TERM

As a form of transparency, in order for the City to better understand FCC's pricing proposal, the following considerations have been made for the below unitary prices provided:

- MSW Price is based upon the 73,490 carts/tips described within the RFP
- Yard Waste Price is based upon the 5,000 subscription customers described within the RFP/Addenda
- Recycle Unit 1-4 Price is based upon the 79,932 carts/tips described within the RFP
- Recycle Unit 5-11 Price is based upon the 1,322 minimum carts/tips described within the RFP
- Recycling 12+ Units Price is based upon the 331 dumpsters described within the RFP. This price is also based upon per collection of the dumpster

Additionally, FCC has provided separate pricing for MSW/Yard Waste and Recycling in the event that only one of these collection services is awarded and combined pricing in the event that all collection services are awarded. FCC's bulk pricing is contingent upon the award of either all collection services, only MSW/Yard Waste, or only Recycling collection services and is not reflective of an accurate rate should Bulk collections be awarded separately.

Form F: Price Worksheet(s)

Prices should include any and all proposed increases for the duration of the agreement period. Complete price sheet for each year of the agreement term with stated price increases.

Collection Fees MSW/YARD WASTE AND RECYCLABLES: Complete for services you are proposing on; if you are not proposing on a waste stream indicate by entering Not Proposing
