

ICE IN OUR NEIGHBORHOOD

A social story to support teachers of preschool
students ages 3-5 years old

By Alma Márquez, MSW, LICSW

**This book is dedicated
to Paloma's friends.**

Teacher, school
closed because of
ICE? What does
that mean?

Great question, what does it mean for you? Can you tell me if you've seen or heard anything different lately?

Some of us have noticed our parents and family members stay home more. Some of us have seen more cars around or have heard people sounding scared. Some of us had a family member go away.

I've seen that too.

ICE are officers who come to arrest specific people. But they are not being very careful and they are making mistakes.

Adults are staying home to be careful. We know how to be safe and how to keep you safe.

It is totally ok if you feel scared, worried or sad
about the things you see and hear.

That makes so much sense.

It's normal to have many feelings.
It's ok to feel sad and worried, and it's
ok to have fun with friends and play
and be silly too.

**When I don't feel good,
there are things that
help.**

**Feelings come
and go.**

If I don't feel ok, will you
help?

Always.

Ten Expert Tips For Talking To Kids About ICE Terrorizing Their Friends and Family
