Earl Street Reconstruction Project

Minnehaha Avenue to Burns Avenue (Phase 2)

SAINT PAUL
PUBLIC WORKS

Project Overview

The City of Saint Paul is reconstructing Earl Street between Minnehaha Avenue to Burns Avenue in 2027. This is Phase 2 of a two-phase project and will build on what was learned in Phase 1: Earl Street from Maryland Avenue to Minnehaha Avenue.

Improvements to Earl Street will include:

- Replaced two-lane street
- Replaced sidewalk on both sides of the street
- On-street bike lanes
- New lighting
- New signs and street striping
- Improve pedestrian and bicycle crossings
- Improved transit access
- Improved sewer and water connections

Project Goals

-  Improve the pavement quality and replace the damaged street
-  Create safer travel for people walking, rolling, biking, and driving along Earl Street
-  Improve drainage and green storm-water treatments
-  Preserve mature boulevard trees wherever possible

Project Timeline

- May 2026 ● Begin design process
- July 2026 ● Open house 1
- August 2026 ● Prepare draft layout concept
- September 2026 ● Open house 2
- September 2026 ● Approve final layout, begin final design
- Late 2026 ● Complete final design
- Late 2026 ● Open House 3
- Winter 2026/27 ● Bid project
- Spring to Fall 2027 ● Construction

Project Funding

The project is funded by a 1% local option sales tax called Common Cent, as well as utility funds and assessments. Assessments are levied to benefiting property owners adjacent to the project and are verified by a special benefit analysis provided by an independent appraiser. These property owners will receive a separate letter with their estimated assessment.

Earl Street Reconstruction Project

Minnehaha Avenue to Burns Avenue (Phase 2)

SAINT PAUL
PUBLIC WORKS

Phase 1 Overview

Earl Street from Maryland to Minnehaha Avenue

Maryland Avenue to Minnehaha Avenue (2026 construction) is the first phase of the Earl Street Reconstruction Project. The project includes a full street reconstruction with utility upgrades, sidewalk improvements, bike facilities, lighting, signage, drainage improvements, and landscaping.

What We Heard

Safety

Community members were generally supportive of safety improvements.

Tree Preservation and Replacement

Preserving healthy, mature trees emerged as one of the strongest priorities throughout engagement. Residents expressed concerns about tree removal and encouraged the project team to preserve trees wherever possible and replace trees that are removed.

Bicycle Infrastructure

Community feedback reflected a range of perspectives on bicycle improvements. Many participants expressed support for enhanced bicycle safety, while some residents questioned whether bicycle facilities were needed on Earl Street.

Parking and Business Access

Participants emphasized the importance of maintaining convenient parking near businesses, particularly near Maryland Avenue, while also discussing residential parking needs throughout the corridor.

The Selected Phase 1 Design

After evaluating alternatives and considering public feedback, the City selected the on-street bike lane design (Option 1) for Phase 1. This option better preserves mature trees and reduces tree removals compared with the off-street trail option that was presented. The project team is proposing a similar design for Phase 2 of the project.

Proposed Design

Existing Condition

Proposed Design: On-Street Bike Lanes

Between Wakefield Avenue and Burns Avenue, the proposed design shifts from an on-street bike lane to shared vehicle and bike lanes.

Tree Preservation

Preserving the tree canopy is a City priority and a priority to many in the neighborhood. An on-street bike lane design preserves more mature trees than an off-street trail, which is why an off-street trail is not being considered for this section of Earl Street.

Median Islands

The City plans to construct median islands on Earl Street at Margaret Street, Fremont Avenue and Euclid Street. Median islands (sometimes called pedestrian refuges) make it easier and more comfortable for pedestrians and cyclists to cross the street. They also encourage safer driving speeds by making the road look and feel narrower. The proposed medians at Margaret Street and Euclid Street will restrict left turns and east-west access across Earl Street. The median at Fremont Avenue will allow all vehicle turning movements while still making it easier to cross Earl Street to get to the American Indian Magnet School.

Safety Benefits

Median islands provide a safe refuge for pedestrians and cyclists to wait in the middle of a street while crossing. They also visually narrow the roadway causing drivers to slow down. Limiting left turns in strategic locations improves safety by reducing crashes and making traffic flow more predictable. Due to the grid street pattern in this area, limiting access is not expected to have a significant impact on vehicle connectivity.

Median Island Features

The median islands will be six to eight feet wide and made of concrete. The locations of the medians were chosen following state spacing guidelines and in areas with frequent pedestrian crossings.

SAINT PAUL
PUBLIC WORKS

Project Funding

The project is funded by two sources:

Common Cent Sales Tax

This 1% local sales tax was approved in 2023 by Saint Paul voters and will fund most of the reconstruction cost.

Assessments to Property Owners

A special assessment is a charge imposed on private property (land and buildings) to help pay for a public improvement that benefits the property. Special assessments typically help pay for street reconstruction, road resurfacing, sanitary and storm sewer construction, sidewalks, alleys, and other public improvements. Special assessments are charged to most properties, including those that don't pay property taxes.

How is a special assessment calculated?

STEP 1: Assessable Cost divided by project's total street frontage: The City calculates a per-foot assessment rate based on the project's Assessable Cost and applies it to each property's assessable frontage.

STEP 2: Maximum special benefit analysis determined by independent appraisal firm: The City estimates the increase in property value resulting from the project using market value data and an independent appraisal consultant's special benefit percentage.

STEP 3: Estimated assessment is the lesser of 1 & 2: The final estimated assessment is the lower of the preliminary assessment or maximum special benefit amount.

How do I pay my assessment?

Assessment invoices are sent after the project is completed. You may pay the full assessment interest-free for 30 days after receiving your invoice. After 30 days, interest and fees apply.

Most property owners pay assessments through their property taxes, with repayment terms of up to 20 years for reconstruction projects and 10 years for resurfacing projects.

See the welcome table for a handout with more detailed information.

Dulmar Guud Wajiga 1

Wadada Earl laga bilaabo Wadada Maryland ilaa Wadada Minnehaha

Wadada Maryland ilaa Wadada Minnehaha (dhismaha 2026) waa wajiga koowaad ee Mashruuca Dib u Dhiska ee Wadada Earl. Mashruuca waxaa ka mid ah dib u dhis dhameystiran ee wadada oo ay aka mid yihiin tubooyinka biyaha, bushkuleetiyada, nalalka, bulaacadaha, iyo jardiinooyinka.

Waxyaabaha Aan Ka Maqalnay

Amaanka

Dhamaan dadka bulshada ka tirsan way nagala shaqeynayeen horumarinta amaanka.

Badbaadinta Dhirta iyo Wax Ka Bedelkooda

Xoojinta caafimaadka, dhirta qaangaartay oo ah muhimadda ugu horeysa xilliga ka qeyb gelinta. Deganayaashu waxa ay tilmaameen dareenka ay ka qabaan jaridda geedaha waxayna ku dhiiri geliyeen shaqaalaha mashruuca in ay yareeyaan jaridda geedaha oo la xafido dhirta iminka ku beeran.

Agabka Gaadiidka

Ra'yiga dadweynaha ayaa aad loogu soo bandhigay horumarinta bushkuleetiyada. Qaar badan oo ka mid ah dadka ra'yigooda dhiibtay ayaa taageeray xoojinta khadka bushkuleetiyada, iyada oo dadka qaarkood ay su'aal ka keeneen in khadka bushkuleetiyada looga baahan yahay Wadada Earl.

Goobaha Gaadiidka la Dhigto iyo Goobaha Ganacsiga

Waxa ay ka qeyb galayaashu xoogga saareen muhimadda ay leedahay in la joogteeyo goobaha gaadiidka la dhigto, gaar ahaan agagaarka Wadada Maryland, iyada oo sidoo kale laga dooday baahida goobaha gaadiidka la dhigto ee wadooyinka dadka degan agagaarkaas.

Naqshadda Loo Doortay Wajiga 1

Ka dib markii qiimeyn lagu sameeyey waxyaabaha kala duwan oo la tixgeliyey ra'yiga dadweynaha, waxa ay magaaladu dooratay khadka bushkuleetiyada oo wadada lagu daro (doorashada 1) ee Wajiga 1. Doorshadan waa mid lagu badbaadinayo dhirta waaweyn laguna yareynayo in dhir fara badan laga jaro hareeraha wadda. Shaqaalaha mashruucu waxa ay ku taliyaan naqshadda la mid ah tan Wajiga 2 ee mashruuca.

Goob Dhexe Oo Lagu Hakado

Magaaldu waxa ay qorsheyneysaa in ay dhisto goob dhexe oo lagu hakado ee Wadada Earl ee Wadada Margaret, Wadada Fremont iyo Wadada Euclid (mararka qaarkood lagu magacaabo qazooti ku yihiin dadka lugta ah) taasoo dadka luga ah iyo bushkuleetiyaada u fududeyneysa in ay wadada si fudud uga talaabaan. Waxaa kale oo dhiirigelineysaa in gawaaridu ku socdaan xawaareku haboon Wadada Margaret iyo Wadada Euclid oo xadideysa u leexashada bidixda oo wadada u ekaaneyso mid carriiri ah. Goobta dhexe ee Wadada Fremont waxa ay dhamaan gawaaarida u fududeyneysaa leexashada iyada sidoo kale u fududeyneysa ka talaabidda Wadada Earl si loo gaaro Dugsiga (American Indian Magnet School).

Waxyaabaha la xiriira amaanka

Goobta dhexe ee lagu hakado waxa ay magan gelyo u tahay dadka luga ah iyo bushkuleetoyada si ay ugu hakadaan meel dhexe oo wadada ah ka hor inta anay ka talaabin. Waxa kale oo u ekeysiineysaa in waddadu soo yaraaneyso taasoo wadayaasha ku khasabta in ay xawaaraha hoos u dhigaan. Waxa kale oo ay xadideysaa bidix u leexashada kuna soo goobeysa meelo gaar ah laguna horumarinayo amaanka iyo yareynta shilalka. Socodka gaadiidka oo la sii saadaalin karo. Iyada oo ay ugu wacan tahay xariiqaha dhulka ee loo sameeyey, xadidaadda lasoo rogay lama filayo in ay saameyn sidaas u balaaran ku sii yeelato isu socodka gaadiidka.

Waxyaabaha uu ka kooban yahay goobta dhexe ee lagu hakado

Goobta dhexe ee lagu hakado waxa ay noqoneysaa lix ilaa sideed dhudhun waxayna ka sameysan tahay dhagax shub ah. Goobla laga dhisayo waxaa loo doortay iyada oo raacayo sharciyada u degsan gobolka iyo goobaha ay dadku aad uga talaabaan.

Maalgelinta Mashruuca

Mashruuca waxaa laga maalgeliyey laba meelood oo kala duwan:

Sentiyo Canshuurta libka

Tan waa 1% ee canshuurta iibka oo cadeeyayaasha St. Paul ogolaadeen 2023 taasoo oo bixineysa maalgelinta ugu badan ee kharashka dib u dhiska.

Qiimeynka lagu sameeyey Mulkiilayaasha Guryaha

Qiimeyn gaar ah waa kharash dusha laga saaro hantida gaarka ah (dhulka iyo dhismayaasha) si ay gacan uga geystaan maalgelinta dadweynaha mar haddii hantidooda ka faa'iideysaneyso. Qiimeynta gaarka ah waa mid caawisa bixinta kharashka dib u dhiska, hagaajinta oogada sare ee wadada, dhismaha bulaacadaha, waddo lugeedka, iyo horumarinta hantida dadweynaha. Qiimeynta gaarka ah waxaa dusha laga saaraa dhamaant hantida ma guurtada ah, oo ay ka mid yihiin kuwa aan canshuurta laga qaadin.

Sidee ayaa loo xisaabaa kharashka gaarka ah?

TALAABADA 1, Kharashka Qiimeynta ayaa loo qeybiyaa mashruuca wadooyinka wax laga qabanayo. Xisaabta Magaaladu waa mid ku saleysan inta dhudhun ee Mashruuca la Qiimeynayo saameyn kaga yeelanayo hantida ma guurtada ah.

TALAABADA 2 Macaashka ugu yar ee lagu qiimeynayo faa'iidada ay hantidu ka heleyso waxaa sameeya xafiis madax banaan. Waxa ay Magaaladu qiyaaseysaa in qiimaha hantida ma gurtada ah uu kor u kacayo oo mashruucu qiime ku kordhinayo iyaga oo ka faa'iideysanaya boqoleyda uu xafiiska gaarka ee qiimeynta uu soo saaro.

TALAABADA 3 Qiyaasta Qiimeynta waxa ay noqoneysaa hadba kan yar 1 & 2. Qiimeynta ugu dambaysa waa hadba kan yar qiimeynta horudhaca ah ama tirada uu ka heli karo faa'iidadad ugu badan.

Sidee ayaan ku bixin karaa qiimeynta?

Biilka qiimeynta waxaa la soo dirayaa marka uu mashruucu dhamaado. Waxa aad bixin kartaan dulsaar la'aan 30 maalmood gudahood marka uu idin soo gaaro biilka. 30 cisho ka dib, waxaa lagu kordhinayaa kharash dharaad ah iyo dulsaar.

Mulkiilayaasha guryaha intooda badan waxa ay kharashka qiimeynta ku daraan canshuurta, iyaga oo ku bixiya 20 sano ee mashruucyada dib u dhiska iyo toban sano mashruucyada oogada sare laga bedelo.
